• BAR DE TAPAS •

We at Culture Club define 'tapas' as more a style of eating than strictly Spanish recipes. Our menu combines mixed influences from the Mediterranean, Middle East, Asia and some great local flavours too.

It's all about the perfect marriage of food, drink and conversation combined to create a feast fit to share with friends or family. 'Tapas' to us is more than the simple act of eating – it's an informal, fun and social way to enjoy good food and company. You get to tailor your meal by ordering a variety of tapas dishes that suit your likes and tastes and everyone gets to share the selection, you may even be a bit adventurous and try something different. We encourage you to explore our flavours.

Our team are continuously working on interesting seasonal dishes, whilst keeping your favourites current and delicious. We take great pride in serving only the best quality, freshest ingredients and no effort is spared in ensuring that the love and passion that goes into our food is worthy of the dish – so that every plate is something we are proud to serve.

Should there be something you are not happy about, please let us know while you are still with us so we can address it right away. Posting on social media once you have left does not give us the opportunity to correct it. We pride ourselves on you leaving Culture Club happy with your experience, so please extend us this courtesy.
